### Holiday Period Death Toll In Nation Near 350

Fatalities Lower Than Year Ago Reports At Present Indicate

AT LEAST 233 DIE  
IN TRAFFIC MISHAPS

(By International News Service)  
Death toll from the nation's three-day Labor Day holiday approached the 350 mark today as millions of Americans streamed home from their last summertime vacations.

At least 233 persons died in traffic accidents as tens of millions took to the nation's highways during the holidays.

The traffic death toll still fell short of the 260 automobile fatalities forecast for the Labor Day week end by the National Safety Council, and still was under the all-time holiday record of 443 killed in motor car accidents.

Below Last Year  
The over-all Labor Day death toll, however, is far below last year's Labor Day fatality list of 448 violent deaths.

Drownings claimed 31 lives and 63 died from other causes, several of them in plane accidents.  
But traffic accidents still accounted for the greater portion of the death toll. As in many other large cities, bumper-to-bumper traffic was reported within a 35-mile radius of Chicago since yesterday afternoon. Highways throughout the area were packed to capacity.

North Carolina led the states in the number of holiday deaths, reporting a total of 23. Of these 10 (Continued on Page Two)

### Pa Newc Observes

Some spring flowers seem to be blooming in September, as Mrs. J. Harold Mayberry, Gracefield road, reports that she picked a bouquet of purple lilacs from a bush in her yard on Labor Day. The shrub also bloomed last spring.

While there was heavy traffic over the highways of this area over the three day holiday period, there were few accidents, police authorities report.

Most everyone took a holiday over the week-end but the stark. At the Jameson Memorial Hospital, 17 babies were born, including twin sons to Mr. and Mrs. Ralph A. Welsh, of Deshon Village.

Webb worms that have infested trees in this city and county seem to have spread to extensive proportions this year. Hundreds of these worms can be found in all parts of the county. Some organized effort in attacking the pest seems to be in order.

New automatic stamp vending machine in the lobby of the post office did yeoman service over the Sunday and Labor day holiday, when the post office was closed. Pa Newc is informed. It will be a great convenience to patrons of the office, it was evidenced on these days.

While reports from Harrisburg indicate that the route for the west route of the state turnpike, has not been definitely determined, it is certain that the route will be near New Castle. Of the two (Continued on Page Two)

### Amos Mazzant Of Ellwood City Wins Third Running Of Orange Crate Race

Amos Mazzant of Ellwood City, competing in the class "B" bracket, won the third annual Optimist club-sponsored Orange Crate Derby Labor Day at the Taylor street course. A holiday crowd of approximately 12,000 looked on under threatening skies as the junior "Barney Oldfields" sent their home-made racers scotching down the asphalt hill for fame and prizes.  
Young Mazzant, tutored in the skills of the sport by John De Nome, 1947's grand-slam winner of the local classic and the Ellwood Soap Box run, took the final heat from John Szocylas, another Ellwood City boy, and the class "A" winner, in the slow time of 26 seconds.  
In a special race at the conclusion of the day's activities, Mazzant pitted his yellow and black car against that of Ray Colavincenzo, this year's "Soap Box" winner in Ellwood. Colavincenzo, who went to the national finals at Akron, defeated his fellow-townsmen in the exhibition heat by a length in the time of 25 seconds.  
By winning this year's classic, Mazzant was awarded a beautiful loving cup and a complete electric wood-working set. Szocylas, his victim in the inter-class run-off, took runner-up honors and received a completely equipped bicycle. Ronnie Yachabach of New Castle, who went to the finals of the "A" competition, was given a \$25 war bond, and Wilbur Pohl, also of New Castle, won the tool set for cinching fourth-place. The Optimists passed out many more fine awards to the kids for their efforts, all of them donated by merchants and industries in the community. Each heat winner was (Continued on Page Fifteen)

### Queen Juliana Begins Reign

Succeeds To Throne Of Holland In Ceremonies Of Medieval Pomp

AMSTERDAM, Sept. 7.—(INS)—Queen Juliana of the Netherlands reigned over Holland and its empire of 100 million persons today after a formal inauguration in Amsterdam's Nieuwe Kerk.  
The 39-year-old mother of four daughters succeeded to the throne her mother, now the Dowager Princess Wilhelmina, abdicated on orders of her physician.

Although there were no religious rites and no formal coronation, Juliana was officially proclaimed queen amid a splendid setting of medieval pomp and circumstance.

Three Thousand Guests  
Three thousand guests, including leading members of Europe's royal families and foreign ambassadors, crowded the flower-decked church to witness the proceedings.

### At Least Six Killed In Fire At Chicago, Ill.

CHICAGO, Sept. 7.—(INS)—At least six persons were killed and 13 injured, severely critically today when a terrific explosion ripped through the huge E. J. Bach & Sons Candy company on Chicago's west side and started a spectacular fire.  
Fire Commissioner Michael J. Corrigan said still more bodies may be found in the ruins on the third floor where the blast originated.  
The six bodies were taken to the Cook county morgue. All the bodies were badly burned.  
Earlier, Mgh. William Gorman, fire department chaplain, said that four bodies were recovered from the fourth floor of the building.

### Beauty Pageant Gets Under Way

ATLANTIC CITY, N. J., Sept. 7.—(INS)—The Atlantic City beauty pageant gets under way today with 55 beautiful girls vying for the title of "Miss America of 1948."  
The contestants—gorgeous blondes, brunettes and redheads—represent 40 states, 12 cities, Canada, Puerto Rico and Hawaii.  
They begin their quest for the coveted Crown Wednesday night, when one group of girls show their charm in bathing suits while others attempt to impress the judges with their talents.  
Judging will continue until Saturday night when the winner is chosen.

### Chicago Scientist Is Killed In Jump From Blazing Plane

LA GRANGE, Ga., Sept. 7.—(INS)—An investigation was started today in the death of Howard Baldwin, a University of Chicago scientist who was killed when his parachute failed to open in jumps from a flaming B-29.  
The plane landed safely a few minutes later, the fire under control.  
Baldwin, together with other passengers and members of the crew, was ordered to jump after the fire broke out.  
His body was discovered four hours later, about ten miles west of La Grange.  
Three other men who parachuted from the burning bomber landed safely.  
A farmer who found the scientist's body said nearly every bone in his body appeared to be broken.

### Britain Concerned Over Communist Rioting In Berlin

LONDON, Sept. 7.—(INS)—A British foreign office spokesman declared today that Britain is seriously concerned by the communist-led rioting in Berlin.  
Commenting on the situation he said:  
"I hardly emphasize the seriousness with which the deterioration of the situation in Berlin is regarded by his majesty's government."  
He said that Britain has received Russia's note asking for a big four council of foreign ministers meeting on the future of the Italian colonies, but that no decision on it has been reached.  
Britain, he added, is consulting on the matter with the U. S. and France.

### Gen. Lucius Clay Incensed By Acts Of Russian Troops

Communist Forces Enter U. S. Army Office In Berlin's City Hall

EXPLANATION TO  
BE DEMANDED

By OMAR ANDERSON  
(U. S. Staff Correspondent)

BERLIN, Sept. 7.—The four military governors of Germany met again today amid reports their negotiations may break down as a result of Communist riots and violation of U. S. Army property in Berlin.  
The American, British, French and Soviet governors reconvened at the Allied Control Authority building at 4 p. m. (10 a. m. EDT).  
Informed sources said that Gen. Lucius D. Clay, the U. S. military governor, is incensed by the action of Soviet troops yesterday in smashing the door of the U. S. Army liaison office in Berlin's city hall.

Forcefully Remove Policemen  
The Soviets forcibly removed 19 west sector German policemen who sought refuge there.  
The Russian troops also were reported to have gone through the Army's files, without removing anything.

These sources said that Clay will demand an explanation of the incident from Marshal Vassili Sokolovsky, the Russian military governor, at today's Big Four meeting.  
Meanwhile, a number of German west sector policemen—variously reported as from 30 to 26—were still besieged in the city hall. Military government sources (Continued on Page Two)

Back to civilization, back to the daily routine, back to the desk and the work it brings, back to the usual scene. Back from the wilds in the country, back from the ferns of the creek, it wasn't long but we made it count, every minute and hour of the week. Back to the fun in the garden, back to cutting the lawn, but there's something to show at the camp by new for gear. Back to the business of working, and that I've found out the fun, vacation time is over again, and the weather is slightly odd.

# New Club House Dedicated Monday At Hillsville

Fireworks Display Climaxes Two-Day Celebration Of St. Lucy's Club

Visitors from far and near were present at Hillsville over the Labor Day week end to assist in the forty-second anniversary celebration of the St. Lucy's Society and the dedication of the new club house. The ceremonies got under way on Sunday afternoon with a vast parade when Our Lady of Mt. Carmel band of Lowellville, Ohio headed the procession which marched throughout the town.

Visiting clubs from neighboring cities were on hand to aid the celebration. A band concert which attracted hundreds to the community took place on the grounds adjacent to the club from 8 to 11 p.m. Sunday.

Continuing on Monday morning, a mass of thanksgiving took place with Rev. Fr. Joseph Fabia offering the prayer of thanksgiving. At noon, the dedication of the new club house took place with opportunity given for the visitors to inspect the new facilities.

Speakers included: John Vacca, founder of the club; John DeLorenzo, president of the Sons of Italy, New Castle; John Furvi, president of the Casa-Savola club, New Castle; Tony Neri of the West Pittsburg, Diaz club; William DeCarbo of New Castle; Miss Mary Gallo, Mrs. Jennie Gallina, Mrs. Mary Galisio.

A program of sports interested all during the afternoon with a ball game being the highlight of the afternoon hours. The evening celebration got under way with a band concert. The climax of the affair took place at 11 o'clock Monday evening, with a brilliant display of fireworks.

## Good News For Folks Who Suffer From

- ✓ STOMACH GAS
- ✓ SOUR FOOD TASTE
- ✓ ACID INDIGESTION

Do you feel bloated and miserable after every meal. Tasty food, but no relief, here is how you may get blessed relief from this nervous distress. Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment, sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have positively proved that 888 Tonic is amazingly effective in increasing the flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the 888 Tonic formula which contains special and potent activating ingredients.

Also, 888 Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food for body strength and repair. morning, as is his custom, and carried on at a breakneck speed throughout the day.

He spoke at Grand Rapids, Lansing, Detroit, Hamtramck, Pontiac and Flint, all large centers of the huge automotive industry that puts the nation on wheels.

## Steps At Toledo

Later at night, the president stopped at Toledo, O., for his seventh campaign speech of the day. Speaking before 5,000 persons at the Toledo railroad station, he blasted the Taft-Hartley act and appealed for labor's full support. The president left Michigan well pleased with the opening of his campaign which promises to become one of the most strenuous that a presidential candidate has undertaken in years.

Mr. Truman came to the industrial state of Michigan as the guest of large labor unions that combined together to welcome him.

## Given Warm Welcome

He was accorded a warm welcome at all the points where he stopped. Hundreds of thousands turned out, lining the right-of-way for a glimpse of the presidential train all along the route.

Tens of thousands greeted him in Grand Rapids, Detroit, the Polish-American center of Hamtramck, Lansing, Pontiac and Flint where he spoke.

The president's campaign theme was not new. He had set the pace on his western trip prior to the Democratic convention and in his convention acceptance speech at Philadelphia.

## Uses Same Theme

It was the theme that will be carried through the campaign, a relentless attack on the Republican-controlled 80th congress and what the president describes as the record of the Republican party itself—"special privilege against the interests of the people."

In his bid for labor's vote, the president asserted that labor's future lies with the Democratic party. His whole emphasis was that labor would lose its many gains through a Republican victory.

Mr. Truman spoke of an "era of fear" that he said would result if the Republicans win in November.

and gold costumes preceded the royal party. The 200-foot route from the royal palace to the church was covered by a giant canopy of the traditional fishing nets, held aloft on poles by naval cadets. A student corps formed the guard of honor.

A fanfare of trumpets broke the silence of the church after Juliana took the oath under the constitution. Before her, symbol of her royalty, was the Dutch crown, which, according to tradition, is never worn.

Heralds read the proclamation naming her ruler of the Dutch empire. Then Juliana, in a voice heavy with emotion, paid tribute to her mother, the former Queen Wilhelmina, who stood nearby.

pointed out that while Big Four talks were being held tentatively to renew four-power control over Berlin, the communists, with obvious Soviet backing, are continuing their drive to bring the city under Russian rule.

**Holding West Sector Police**  
Paul Markgraf, the Soviet-sponsored chief of eastern sector police, is holding 61 west sector policemen arrested yesterday when they tried to protect a scheduled meeting of the city assembly.

The assembly was forced to move from City Hall, in the Soviet sector, to the British sector when communist led rioters broke in and occupied the meeting chamber.

In another Soviet unilateral action, Wilhelm Kreikemeyer, chief of the Russian-controlled Berlin railway, announced that he is prohibiting the sale of western-censored publications on station platforms in the western sectors.

**Got Food to Beleged**  
British and French police supplied the police still besieged in the City Hall, with food. Sixteen of the police are in the British liaison offices and 10 are in the French offices.

(A Reuters correspondent inside the Berlin City Hall declared in a telephone dispatch that 20 other west sector police have locked themselves in the American liaison offices to avoid arrest by the Russians.)

Soviet sector police, who yesterday arrested 19 western police and 36 special officers in the City Hall railway, guarded the doors of the Anglo-French offices to seize the 26 policemen if they attempted to get out.

## Communist-Led Violence

Communist-led mob violence at the City Hall yesterday forced pro-western majority of the assembly to flee from the Soviet sector to a meeting place in the British sector and apparently split the municipal government in east-west segments.

The Russian-licensed newspaper Taegliche Rundschau declared that the communist-sought split now was an accomplished fact. The newspaper said:

"What was long prepared came true yesterday—the splitting of the city assembly."

## Newsmen Hurt

The four military governors, meanwhile, are scheduled to meet again today on the east-west differences amid Soviet press predictions that the talks will last longer than expected.

In communist-inspired violence two American newsmen were injured and a total of 80 west Germans arrested.

Two American buses which were to be used to evacuate some of the seized police were taken by the Russians but later released.

The mob violence was backed by Soviet soldiers and Russian-controlled German police, and forced the pro-western majority of the legally elected assembly to move to the British sector of the turbulent city.

**No Immediate Settlement**  
Where a restrained optimism reigned in western capitals when the Berlin talks started, the general feeling now is that no immediate settlement of East-West tension could be anticipated.

The Moscow proposal for a meeting of the Italian colonies was considered a Soviet propaganda move. There has been no counter proposal from Moscow which might be expected to break the deadlock which developed in the foreign ministers' deputies meetings.

Russia has favored an Italian trusteeship, which would have important propaganda value in Italy. If there is no foreign ministers' meeting on the subject, the Italian Colonial problem automatically goes on the agenda of the United Nations Assembly on Sept. 15.

The United States is understood to feel that a foreign ministers' meeting might be justified if the Berlin problem can be ironed out. Then any number of differences between East and West could come up for consideration.

## However, it is not anticipated

that any agreement can be reached on Berlin before the middle of this month and any hastily called meeting would come too late as far as the colonial question is concerned.

Most tornadoes in the United States occur between noon and 6 p. m.

## MAN BREAKS LEG

George Adams, aged 79 years, of the Leslie hotel was taken to the Jameson Memorial hospital at 8 p. m. Sunday, where he was admitted for treatment, after he had fallen while entering a diner on Jefferson street breaking his left leg above the knee.

### TERNEY-McKEEVER WEDDING-RECEPTION

The spacious lawn at the home of the bride's parents in Belle Vernon formed a lovely setting for a reception for 250 guests following the marriage Saturday afternoon of Miss Mary Lou Terney, daughter of Mr. and Mrs. John Rhodes Terney, and John Robert McKeever, son of Mr. and Mrs. William Earl Leslie of 413 Glenmore boulevard, this city.

The wedding took place at three o'clock in the First Methodist church of Belle Vernon, with Rev. George L. Kress officiating. A semi-circular embankment, white gladioli against a background of ferns formed the setting at the altar.

Given in marriage by her father, the bride wore a traditional off-white satin dress, fashioned with a full bouffant skirt and long court train. Her headpiece was an orange blossom tiara with a veil of silk illusion. She carried white gladioli tips and asters, centered with white orchids.

Miss Josephine Ann Hartman of Silgo was maid of honor. She wore pink marquisette and carried cream and pink gladioli. Bridesmaids, Miss Mary Rachel Hoskins of Harlan, Ky., and Miss Jean Bricker of Greensburg, and junior bridesmaid, Miss Barbara Ann Billin of Belle Vernon, wore gowns of green marquisette and carried yellow gladioli.

William Eckles of New Castle acted as best man and Kenneth Scheppelle and Joseph Vogan, both of New Castle, and William Terney and John Terney, both brothers of the bride, ushered.

Mr. and Mrs. McKeever left on a wedding trip through the New England states, and upon their return will reside in Pittsburgh.

Mrs. McKeever is a two-year secretary graduate of Westminster college and Mr. McKeever, also a graduate of Westminster college, will enter the University of Pittsburgh this fall to obtain his master's degree in business administration.

### KEELEY-McCARTHY MORNING NUPTIALS

In St. Mary's church at 10 o'clock Monday morning, Miss Elizabeth Irene Keeley, twin daughter of Mr. and Mrs. Frank J. Keeley, of 13 West Leasure avenue, and John Ayres McCarthy, son of Mr. and Mrs. John J. McCarthy, of 102 West Wallace avenue, were united in marriage.

White gladioli banked the altar before which vows were exchanged with Rev. Francis M. McCarter officiating.

Given in marriage by her father, the bride wore a period style gown of white marquisette with leg of mutton sleeves, and a hoopskirt caught up with clusters of seed pearls revealing a ruffled underskirt. The gown was the same one worn by her twin sister at her wedding. Her fingertip veil fell from a halo headpiece of clusters of orange blossoms and she carried a bouquet of white roses and white gladioli. Her only jewelry was a single strand of pearls.

As her matron of honor she was attended by her twin sister, Mrs. Robert Sidow and bridesmaids were Miss Mary Lowers, Miss Jean Robinson, of Greensburg, and Mrs. Gene Jackson, of Clairton. Miss Jeanita Jackson was flower girl. All the attendants wore gowns of white dotted swiss, with the matron of honor wearing a sash of lavender flowers. Miss Robinson's sash was pink and she carried pink flowers. Mrs. Jackson's were yellow and Miss Lowers' were pink and white.

Richard McCarthy served his brother as best man and ushers were Charles Henry, Thomas Wallace, and Walter McKeever.

A reception at the church followed the ceremony with vases of lovely fall flowers composing the decorations.

Mr. and Mrs. McCarthy left on a trip to Toronto, Canada, and upon their return will take up residence in an apartment at 216 Highland avenue.

Mrs. McCarthy is a graduate of Armour, S. D., high school and St. Mary's School of Nursing, Rochester, Minn. She has been a nurse at Aspinwall Veterans hospital.

Mr. McCarthy, a graduate of Ne-Ca-Hi, served as a pilot in the AAF for years and is now a pre-medical student at Westminster College.

### Union Auxiliary

Union Township Firemen's Auxiliary will gather at Union township high school, Wednesday evening, September 8, at 8 o'clock, when several new projects will be discussed. Mrs. N. M. Raymond and Mrs. John Salmen will be co-hostesses.

Firemen, the auxiliary and their families enjoyed a corn and wiener roast September 2, at the home of Mr. and Mrs. William Stoner, Knox avenue. Guests, numbering 40, were present at the outing. Cards and other games were diversions.

### ALIQUIPPA GIRL WEDS LOCAL MAN

Before a fern backed fireplace banked with pink and white gladioli and white tapers in crystal candelabra, Miss Pauline Elizabeth Cochran, daughter of John W. Cochran, of Aliquippa, Pa., became the bride of Wayne R. Carpenter, son of Mr. and Mrs. William E. Carpenter, of Kerr street, New Castle. The impressive ceremony took place in the home of Mrs. Sarah Cochran, grandmother of the bride, Saturday afternoon, September 4, at 2:30. Rev. Claude Fausnaugh, of the Woodlawn Presbyterian church, officiated.

The bride, given in marriage by her father, wore a pale blue street length dress with cross-tucked skirt and jacket with cape effect, with pale blue and burgundy accessories. She carried a small white Bible topped with white carnations. In her shoe she wore a 94 year old gold piece, given her by her grandmother Cochran.

As matron of honor, Mrs. John H. Fotts, of Kason, Pa., a former college roommate, wore a pink college roomie dress with a pink brown satin street length dress with dark brown accessories and carried yellow carnations mounted on a small brown satin bag.

Donald E. Carpenter, brother of the groom, served as best man.

Music was provided by records, among which was played "Be-cause" by Jan Pierce. Immediately following the ceremony there was a reception at the same residence for 70 guests. Mrs. Sarah Cochran and Miss Mary E. Cochran were hostesses and aides were, the Misses Mary Lou Jones and Joanne Cochran, Mrs. John M. Cochran and Mrs. Wesley Morgan.

The newly weds then left for a wedding trip to New York and Canada and upon their return will make their home in Wilkesburg, Pa.

Mrs. Carpenter is a graduate of Westminster college and was previously employed at the Woodlawn Trust Co., in Aliquippa.

Mr. Carpenter attended Westminster college and at present is attending University of Pittsburgh Civil Engineering school.

### RAPSON-DONLEY WEDDING QUIET

At a quiet, but impressive wedding in the Third U. P. church at 2:30 in the afternoon, September 3,

Miss Joanne E. Rapson, daughter of Mr. and Mrs. Gurth W. Rapson, 916 Beckford street and Harry A. Donley, son of Mr. and Mrs. William R. Donley, Gardner Stop, were united in marriage. Rev. J. Paul Graham officiated.

The bride wore a street-length dress of slate grey with dark green accessories. Her corsage was white rosebuds. For something old, she wore an heirloom necklace of diamonds and pearls that has been in the bride's family for 60 years.

As matron of honor, the bride's sister, Mrs. Dale Weisbaker, wore a dress of forest green with brown accessories and a corsage of tea-roses.

James A. Donley, brother of the groom, served as best man.

Following the ceremony, the bride and groom left for an undisclosed destination upon their return will take up their residence at 923 North Cedar street.

Mrs. Donley, a graduate of New Castle high school was employed as window trimmer for the G. C. Murphy Co.

Mr. Donley, a veteran of World War II, is employed at the United Engineering company.

### HAUG-KROESSEN RETROTHAL TOLD

Announcement is made of the engagement of Miss Anna Mae Haug, daughter of Mr. and Mrs. Carl Haug, of 2106 Highland avenue, and Ralph H. Kroessen, son of Mr. and Mrs. Ralph Kroessen, son of Tempelena Kroessen.

No date has been set for the wedding.

J. O. Y. Class Meets  
J. O. Y. class of First Baptist church was entertained Friday evening in the home of Mrs. Raymond McCartney, 134 Hillcrest avenue.

Using "The Church" as her theme Mrs. Montgomery Rodgers led devotions. Mrs. Paul Smith was accompanist for group singing. Prayer was offered by Mrs. Paul Fom-belle.

Mrs. Ralph Mattox, president, conducted the business session, when plans were made for the fall and winter work. The group will sew for two missionaries at the October 1, in the home of Mrs. Frank Bruner, 134 Boyles avenue.

A refreshing lunch was served by Mrs. McCartney with Mrs. Paul Smith and Mrs. Edward Daut, co-hostesses, as aides.

Mrs. Richard Clark Foted  
Mrs. Richard Clark, nee Miss Virginia Blair, a recent bride, was feted Friday evening, when Mrs. Fred J. Clark, entertained at a shower in her home, 420 East Garfield avenue.

The honoree found a number of miscellaneous gifts by reading directions, written in rhyme, in a booklet.

Later lunch was served by candlelight at a table decorated with seasonal flowers. The hostess was aided by her aunt, Mrs. H. L. Gardner, and sister-in-law, Mrs. Joseph Book.

## Believe Purge Is Needed

WASHINGTON, Sept. 7.—Despite the violent squealings of the professional "liberals" who consistently denounce every revelation of communist infiltration in our governmental departments as "witch hunting," "red baiting" and "smearing," the recent investigations and more recent report of the House Committee on Un-American Activities have had definitely beneficial effects.

FOR one thing, it has been established that there did—and does—exist a communistic underground “spy ring” in this country. This may sound like something out of E. Phillips Oppenheim, but it is the truth and the evidence here, as in Canada, is too clear to dispute. No amount of vituperative attack upon the committee contradicts the facts or anything else. It has been totally well established that a considerable number of individuals who, if not actually card-carrying Communists, at least were sympathetic with the Communist point of view and closely associated with self-confessed Communist agents, have acquired jobs in various Federal boards, bureaus and departments.

FOR a third thing, it has been established that some of these Soviet spies did secure positions for themselves in the State Department from these positions and while the Federal pay roll they were paid by the State Department was to supply it with secret information. None of these statements are denied. The committee has proved them all up to the hilt. It is true the New Deal breast-beaters have invoked the Constitution, the Bill of Rights, the Magna Carta, the Bible and the Koran to explain that the individuals mentioned by the self-confessed Soviet agents as having cooperated sympathetically had been allowed to work and to be employed in the State Department, permitted neither to meet their secret nor to defend themselves.

THESE allegations are not sustained by the facts. No "innocent young patriot" has been "smeared" without a chance to face his accuser or tell his side. Some, when they got the chance, refused to answer questions on the ground that they might incriminate themselves. Others simply denied the charges and asked to be left alone. One of these was Eugene M. Luck, enough not to have it brought out that prior to obtaining his State Department post he had spent five years in Russia, where he married a Communist.

THE most highly publicized "victim" of the investigation was Mr. Alger Hiss, once a State Department official, now head of the Carnegie Endowment for Peace. Mr. Chambers, acknowledged former Communist, had said that Mr. Hiss was a Communist and "co-operated" with him. All the "liberal" columnists, commentators and editors rushed to Mr. Hiss's defense, vehemently denouncing the committee. Mr. Hiss personally appeared, vigorously denied everything, issued statements, wrote letters and employed counsel. Also he met his accuser face to face. The accuser repeated the accusations: Mr. Hiss repeated his denials. Each called the other a liar. The committee knew one was a perjurer, but could not prove which. That is the way the case ended.

He that saith, I know him, and keepeth not his commandments, is a liar, and the truth is not in him: whoso keepeth his word, in him verily is the love of God perfected; hereby know we that we are in him. He that saith he abideth in him, ought himself also so to walk, even as he walked.—1 John 2:6, 7.

## Health Talks

**HAY FEVER**  
Perhaps hay fever began over around the garden of Eden. It seems to be an old affliction and has been known by many different names.

Some victims use names for it which are not used much in polite society.

Doctors have been studying about it for a long time and have changed their minds about it pretty often.

It may be very severe for one person and very slight in another. At the present time doctors call it allergy or sensitivity to certain proteins. They, of course, have a lot of big names.

The pollen of plants contains protein. Each one seems to be different just like people are. There are various races of people and likewise races of plants. The people of a certain race have certain characteristics. It is the same way with plants.

If a person is sensitive or allergic to the pollen of a race of plants he may get hay fever if he comes in touch with the pollen. There is running of the nose and eyes, difficult breathing, sneezing and other symptoms.

The patient may be so sick that he is unable to do his work. He may be so miserable that he would rather be dead.

People used to call it rose fever. They thought it was due to smelling roses.

Forty years ago the doctors thought that golden rod was the probable cause.

Rag weed seems to be the chief offender now. Various tests are in use to find out what is the cause of the trouble.

There is considerable experimentation and study going on all the time. In some places tests are made to find out how much and what kind of pollen is in the air day by day.

There have been hundreds of remedies used for hay fever.

It is a very difficult disease to handle. There are acres and acres of ragweed all around us. The pollen may possibly be carried for long distances.

For some people it takes a lot of it to cause any trouble; for others a very small amount is disastrous.

The presidential short ballot is used in 23 states of the U. S. A. About 70 per cent of the country's voters see only the names of presidential and vice presidential candidates on the ballot, and, in effect, vote for the electors by the simple device of voting for president.

The Burgeo Islands are a group off the south coast of Newfoundland. The scenery is picturesque, and the chief village, Burgeo, is a favorite resort for artists. In 1765, Captain Cook made an observation there of an eclipse of the sun.

## THE PARENT PROBLEM

(Continued from Page Four)

now to use more soap and wash his neck better, now to scrub his hands again and so on. All suggestions add to the youngster's ire. At last he rushes off chock full of rage. Next morning the same scene may occur.

Let me suggest a program. Be sure the family rises reasonably early so the youngster will not be unduly cramped for time. Quietly inform him that he may not leave for school until he has passed your inspection, that he will have to go back and wash further if his face, neck, ears and hands are not clean. Don't stand and watch him while he washes. Go about your work. Let him come to you for inspection. If he has measured up reasonably well, approve. Don't be excessive in your requirements. Better that he shall fall a bit beneath your standard than that you should have to wash him yourself. If you are sure that he is unfit to pass, quietly tell him so. Use your voice in a moderate tone with no anger in it. Just give him the information that he must do more washing. If he is angry, be not at all dismayed. Say not a disapproving word. Act as if you

had no emotions at all yourself. In case he must go back three or four times, be just as self-controlled each time.

When at last he passes your inspection, don't give him a lecture on how he "should have done it right in the first place." Wish him well for the day, but don't bestow more endearments on him than you are sure he will welcome. Tomorrow morning do likewise. Not many days may pass before he may choose to prove to you he won't even need your inspection.

## THE WORLD AND THE MUD PUDDLES

(Continued from Page Four)

Red press as one of the few real statesmen in the United States and his candidacy is sponsored by active Communists in this country. If there is such a thing as political certainty, the Communist vote will be unanimous for the Wallace ticket.

Of course, Mr. Murray himself has not been averse to political help from Red sources in the past. In certain sections of the country, notably the West Coast, his PAC organization had the full sympathy and support of Red leaders and fellow travelers. It is true that some of them, perhaps all, have been disowned, since the official leaders of the CIO have repudiated the Wallace candidacy and ousted certain leaders who refused to support the Truman candidacy. It also is true that Mr. Murray has undertaken to purge Communists from positions of authority in the Union. At the same time it can hardly be denied that his organization has had the Red support in behalf of certain policies and candidates.

The Wallace candidacy, Communist sponsored or not, has created a serious cleavage in the CIO. That naturally is not pleasing to Mr. Murray, who has been provoked to blunt speech.

The three current secret conferences quite obviously are the net results.

Whether more will be achieved in the long run by such silent processes only time can tell. Certainly a happy solution of the Berlin crisis would seem to justify whatever procedure may have been deemed necessary to overcome a situation that only a short time ago had the dangerous appearance of a coming war.

## Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women more than 10 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

## GARDEN NOTES

Give deciduous hedges, especially California privet, their final trimming. Stake all young trees when planted to keep them from being damaged by winds.

Roses often are at their best in September and October but during and spraying should continue in order to send them into the

winter with strong, healthy constitutions.

In many sections of the country, fall planting of roses is more desirable than spring.

Colchicum, the giant autumn crocus, requires no soil or water to bloom. Simply place the bulbs in a dish on the table or windowsill and watch their blossoms unfold.

When planting bulbs for indoor bloom it is advisable to use only

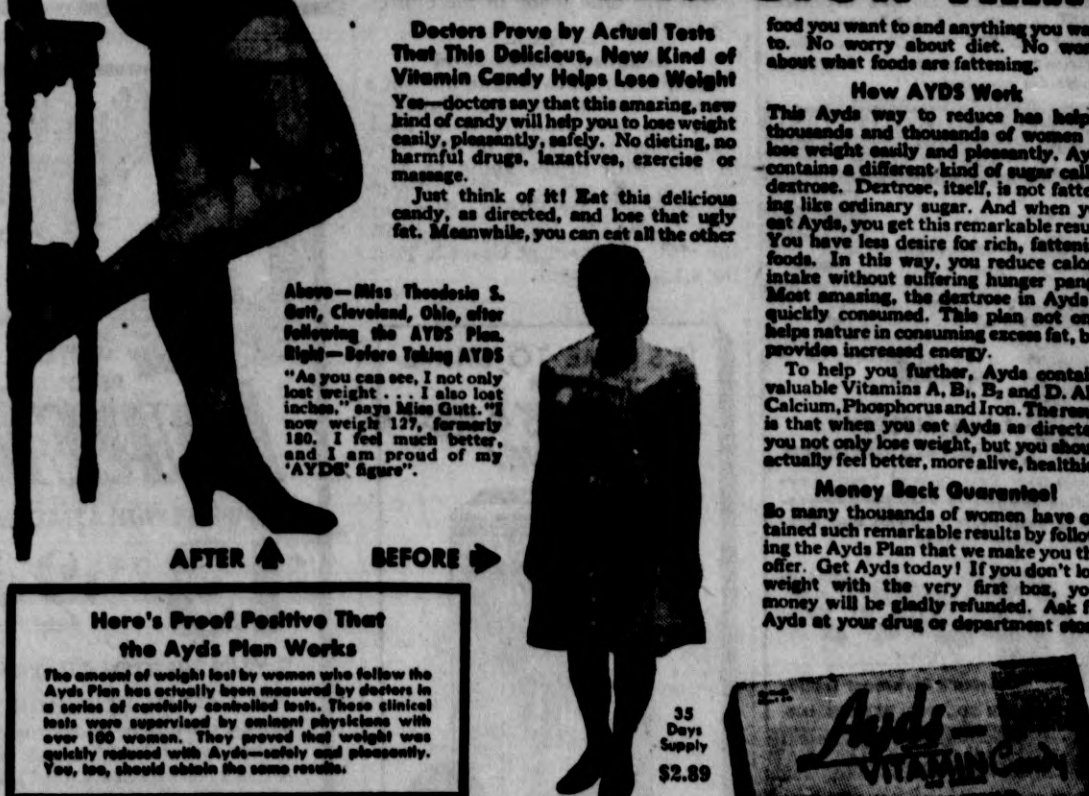

one variety and one color in each bowl. The effect is more beautiful and more uniform.

When the foliage of gladioli turns yellow, next year's bulb has been formed. Lift the bulbs, let them dry in the sun and then cut off the foliage. Keep named varieties separate and tagged.

## DON'T BE FAT! DON'T DIET!

## Now! Eat All You Want and Grow Thin!

Doctors Prove by Actual Tests That This Delicious, New Kind of Vitamin Candy Helps Lose Weight

Yes—doctors say that this amazing, new kind of candy will help you to lose weight easily, pleasantly, safely. No dieting, no harmful drugs, laxatives, exercise or massage.

Just think of it! Eat this delicious candy, as directed, and lose that ugly fat. Meanwhile, you can eat all the other food you want to and anything you want to. No worry about diet. No worry about what foods are fattening.

**How AYDS Work**  
This Ayds way to reduce has helped thousands and thousands of women to lose weight easily and pleasantly. Ayds contains a different kind of sugar called dextrose. Dextrose, itself, is not fattening like ordinary sugar. And when you eat Ayds, you get this remarkable result. You have less desire for rich, fattening foods. In this way, you reduce calorie intake without suffering hunger pangs. Most amazing, the dextrose in Ayds is quickly consumed. This plan not only helps nature in consuming excess fat, but provides increased energy.

To help you further, Ayds contains valuable Vitamins A, B<sub>1</sub>, B<sub>2</sub> and D. Also Calcium, Phosphorus and Iron. The result is that when you eat Ayds as directed, you not only lose weight, but you should actually feel better, more alive, healthier.

**Money Back Guarantee!**  
So many thousands of women have obtained such remarkable results by following the Ayds Plan that we make you this offer. Get Ayds today! If you don't lose weight with the very first box, your money will be gladly refunded to you for Ayds at your drug or department store.

Here's Proof Positive That the Ayds Plan Works

The amount of weight lost by women who follow the Ayds Plan has actually been measured by doctors in a series of carefully controlled tests. These clinical tests were supervised by eminent physicians with over 100 women. They proved that weight was quickly reduced with Ayds—easily and pleasantly. Yes, too, should obtain the same results.

## Seventh Ward

Services For Week  
In Ward Churches

Methodist Pastor In Attendance  
At Erie Conference In Progress At Meadville

Churches of the Seventh ward will have varied class meetings and other services during the week in connection with the church activities. Fall work of the various departments of the churches will be started this week.

Rev. J. L. Petrie, pastor of the Mahoningtown Methodist church will be absent the entire week while he is in attendance at the tenth annual sessions of Erie Conference which gets under way Wednesday at Meadville.

The Waddell class of the Methodist church will be received in the home of Mrs. John Conn, West Madison avenue, this evening, when Mrs. Maurice Boyd will entertain jointly.

Madison Avenue Christian church has several meetings scheduled in connection with its activities it has been announced. The first of the week's services will take place tonight at 8 o'clock, when members of the Berean Bible class will meet in the home of Mrs. J. B. Moore, 1028 Beckford street. The members are to assemble at the corner of Madison avenue and Liberty street, where transportation will be provided.

On Wednesday afternoon, at 1:30 o'clock, the Ladies Aid Society will assemble at the church for the regular meeting, with Mrs. J. B. Bumbach as hostess. No midweek service is scheduled for Wednesday evening.

Thursday evening, at 8 o'clock, the Women's Missionary Society will meet with Mrs. Howard Snyder, 510 West Clayton street, with Mrs. J. B. Comstock as leader.

The M. E. G. Auxiliary of the Mahoningtown Presbyterian church will hold its regular meeting on Thursday at 8:15 p. m. in the home of Mrs. Evan Campbell, Northview avenue. The co-hostesses with Mrs. Campbell will be Mrs. Victor Huff and Mrs. Arthur Walker.

## Railroads Report

## Heavy Traffic

Harry G. Boyd, ticket agent for the B. & O. railroad in the Seventh ward report capacity crowds traveling trains going east and west through the ward over the holiday weekend.

According to Mr. Boyd, it was almost necessary to hang out the "S. R. O." sign due to the heavy volume of passenger traffic that was being carried on the various trains. All three roads, the Pennsylvania, the P. & L. E. and the B. & O. did their share of business it was reported.

Despite the increase in fares which was effective in July, passenger travel is far above normal outside of the holiday travel it was learned. The number of people traveling is divided almost equally between the east and west travelers.

## Pile Of Ties Afire,

## Firemen Called

Seventh ward firemen were called to the P. and L. E. ball grounds off Lafayette street at 3:05 o'clock this morning, when a pile of old railroad ties was found ablaze. It had been ignited from the fireworks display late Monday night. The damage was negligible.

## SEVENTH WARD NOTES

Regular meetings of the Penna-Bo Lodge will be resumed on Wednesday afternoon at 2:30 o'clock in the Green Room of the Y. W. C. A. It is announced. The meeting will be the first of the fall season and plans will be laid for the coming year.

Mr. and Mrs. Arthur Rossi, and daughter in law, of Cincinnati, O. were the houseguests of Mr. and Mrs. Victor Gaspare, 103 West Cherry street, during the recent holiday. They have returned to their home.

Miss Myrna Pearce daughter of Mr. and Mrs. Ralph Pearce, Eighth street, left Monday evening, for Philadelphia, where she is enrolled as a student in Temple University School of Nursing.

The town of Roosevelt, Idaho, now a ghost town, was once calculated to be so rich in gold ore that a bill was introduced into the legislature to set it aside as a gold reserve to pay off the public debt.

## American School Lunches Aid Growth Of Japanese

By HOWARD HANDLEMAN  
(U. S. Staff Correspondent)

TOKYO, Sept. 7. — American school lunches are aiding the growth of Japanese children. The American school lunch program was cited today by Brig. Gen. Crawford W. Sams in connection with Japanese claims of being able to increase the stature of Japanese.

Gen. Sams, chief of Gen. MacArthur's Public Health and Welfare Section, said:

**Could Increase Height**  
"The height of the average Japanese could be increased about an inch in a generation if animal protein was added to the diet in sufficient quantities."

"Diet is the answer to the problem of making Japanese taller. That is easily illustrated by the Nisei who are anywhere from one to three inches taller than the native Japanese."

"Our school lunch program already has reversed the growth trends among the war-starved Japanese children. During the war the size of Japanese children decreased steadily because of diet deficiencies. Since we started our school lunch program, with milk and milk substitutes, however, the trend has been toward larger children."

Every month or so some Japanese doctor or scientist or faith healer proclaims a new miracle cure. Investigate Claims  
Dutifully Gen. Douglas MacArthur's medical men investigate almost every one.

So far the medical men haven't found a single one that would work or that wasn't known to the rest of the world years ago.

There have been claims of cures for baldness and for cancer, and one man, who is not a medical man and who is not approved by Japan's physicians, solemnly announced one day that if by any chance your finger was cut off he could put it back on with a splint, a prayer and a ritual of shaking your hand in the air.

The growth claim came from reputable Kyushu university, whose medical men announced that they could increase the height of Japanese, who are fairly sensitive about the fact that they are shorter than most people.

**Found What Was Done**  
The American medical men investigated. They found that the Kyushu scientists were transplanting the glands of oxen into the thighs of their patients, and that they were quite successful in increasing the height of their patients through this method.

They also found that the method: Was not new.

Would not increase the height of a normal Japanese.

Was a clumsy, inefficient way of doing what Americans do with a simple hormone injection.

The Americans found that the Japanese, insulated from western medical thought and progress for so long that they are 10 to 20 years behind, had "re-discovered" the old monkey-gland treatment.

"We have known for years that we can make giants or dwarfs by controlling the pituitary gland," Gen. Sams said.

"But for a normal person, the treatment is of little value."

Americans generally criticize Japanese methods of research. Japanese, they say, jump to conclusions without sufficient evidence.

### TO LEVY MINING TAX

GROVE CITY, Pa., Sept. 7.—

Pine township school board plans to levy a three-cent tax on each ton of coal mined in that district.

The school directors meet on Sept. 18 to take final action on the resolution which will be effective in 30 days.

Special taxes on coal tonnage

have been levied, or will be levied, by three Venango County and one Lawrence County district.

No bumble bees were found in Australia and New Zealand, so it was necessary to acclimatize them to those countries before clover could be successfully grown there, since the plant depends upon this type of bee for fertilization.

The first road between two white settlements in the United States ran from St. Augustine, Fla., to San Mateo near the mouth of the St. John's river. It was built by Pedro Menéndez, founder of St. Augustine, in 1565, and was for centuries used as a means of communication overland. It can still be traced from the air through a still sparsely settled country.

## CALDWELL-BOOKAMER EVENING WEDDING

The First Pentecostal church was the scene of a beautiful wedding Saturday evening at 7:30 o'clock, when Miss Dorothy Caldwell, daughter of Mrs. Marie Caldwell, 417 Hutchman street became the bride of Wesley Bookamer, son of Mr. and Mrs. Clyde Bookamer of Irons, Pa.

Rev. James Menzie performed the double ring candlelight ceremony before an altar embellished with ferns, palms and gladioli.

Given in marriage by her uncle, William Carr, the bride was lovely in a satin gown, with fingertip veil and long train. She carried a white Bible from which fell long streamers to which were attached white roses as her floral piece.

As matron of honor, Mrs. Lucille Evanich, aunt of the bride, was gowned in a yellow net dress and carried a bouquet of mixed flowers. Miss Ellen Caldwell, and Miss Harriet Caldwell, sisters of the bride served as bridesmaids, the former gowned in blue net gown and the latter in a pink net and both carried mixed bouquets.

Bruce Brickel, of Blittman, Ohio, brother-in-law of the groom served as best man while Donald McClinick and Richard Shaffer ushered.

Pre-nuptial music was played on the piano by Miss Pearl Gibbons with Miss Josephine Jenkins singing "Because", "I Love You Truly" and the consecration hymn, "Fully Surrendered."

A reception for 125 guests followed the ceremony in the green room of the Y. W. C. A. The couple left later in the evening on a motor trip to Niagara Falls and Cook's Forest.

Mrs. Bookamer, a graduate of New Castle High, is employed with the Pennsylvania Power Company, while Mr. Bookamer, also a graduate of New Castle High, is with the United Engineering Company.

## PLAN OPEN HOUSE FOR ANNIVERSARY

Mr. and Mrs. Sylvester E. Badger will celebrate their fortieth wedding anniversary at their home in Portersville on Saturday, September 11.

Friends will be received at an open house reception from 2 to 4 o'clock in the afternoon and from 7 to 9 o'clock in the evening.

## SURPRISE FETED ON 25TH ANNIVERSARY

Mr. and Mrs. Elmer Beatty were feted by their children at a surprise party given Saturday at the home of their daughter, Mrs. W. E. Morris, of Hillcrest avenue, in honor of their 25th wedding anniversary.

A delicious lunch was served by Mrs. Morris, assisted by Mrs. William Stewart, with Peggy Hawkins and Mrs. Wendell Morrison pouring.

A three tiered wedding cake was the centerpiece of a prettily

appointed table, carried out with a pink and white color scheme. Lovely flowers were in evidence throughout the home.

The honored couple were the recipients of many lovely gifts.

Auxiliary To B. Of L. E. Grand International auxiliary to Brotherhood of Locomotive Engineers will open the fall season with an assembly Thursday afternoon, September 9, at 1:30 o'clock in the green room of the Y.W.C.A.

Mrs. C. A. Probst, Mrs. John Ridley, Mrs. Robert Peterson and Mrs. C. G. Anderson will be hostesses.

## East Brook Boys Win Judging Test

East Brook Team Takes First In Contests Staged At Stoneboro Fair

### UNION BOY HAS HIGHEST SCORE

East Brook F.F.A. team, which was coached by Howard Fox, vocational ag instructor at East Brook high school, took first place in the F.F.A. livestock judging contest, staged in conjunction with the Stoneboro Fair, Friday. Union Township team, coached by Moreland Thompson, won fifth place. Although the Union team as a whole was a little down on the list, the boys were cheered by the fact that Frank Zappi, of Union was the highest scoring individual in the contest, registering a score of 550 out of a possible 600. William Reeder and Bill Pontius scored second and third, bringing a lot of glory to the county.

In the F.F.A. Dairy Division, the team coached by W. L. Hess, of Slippery Rock took first place. In the adult Dairy Division, the East Brook team took second place, and also captured second place in the livestock judging contest, with the Princeton team taking fourth place in livestock judging. James Truesdell, of Princeton, took third place in individual livestock judging in the adult division.

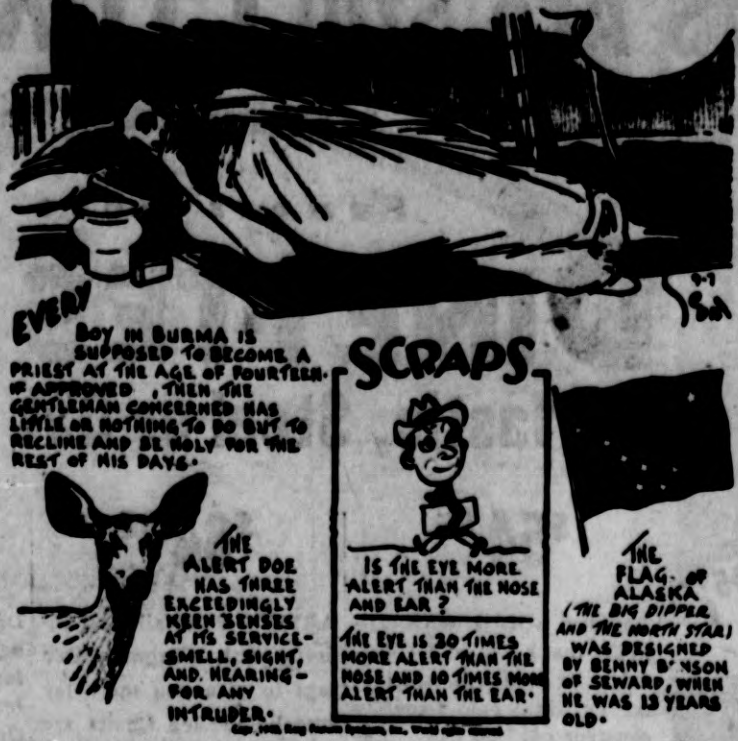

In the ex-G.I. division, the livestock team coached by Earl McElheny, of Lawrence county placed second, the team coached by Sam Haines, scored 5th; and the team coached by George Hellyer, took 6th.

The dairy team of ex-G.I.'s coached by Earl McElheny placed fourth. Cash awards were given the F.F.A. Boys, while in the adult division, plaques were given to the winning teams.

Plague, a rat-borne disease, can be traced through history as far back as 1320 B. C., according to the historian, Wu Lien-teh. It was first known in Palatum, in lower Egypt. The epidemic disease mentioned in the Bible is now believed to have been plague.

## Sleeping Pills Misuse Causes Many Deaths

TRENTON, N. J., Sept. 7.—(INS)—Dr. Daniel Bergama, state commissioner of health, today reported the misuse of sleeping pills resulted in nineteen deaths in New Jersey since January 1 last.

A study of the death certificates reveals that physicians in six of the nineteen fatalities reported the pills were taken in over-doses without suicidal intent.

Dr. Bergama reveals that New Jersey's record of misuse of the pills discloses 69 deaths in the last three years.

He said legislation has been in effect for more than a decade limiting the sales of sleeping pills, or barbiturates by pharmacists, to those cases where physicians prescriptions are presented. Drug store refills are prohibited except on written prescriptions.

"Sleeping pills are toxic drugs when taken in improper dosages," said Dr. Bergama. "Only take them on advice of your physician."

### HOME CHRISTENING

Question: My sister is going to have her baby christened at her home. She asked me to write to you for instructions as to what preparation she should make for this event; that is, the preparation for the christening ceremony and the refreshments for the guests a little later.

Answer: The rules of some churches forbid home christenings; others permit them. If yours is among the latter, you may very readily have the event take place in your home.

In the room where the ceremony will occur, there should be a table covered with a white cloth. A bowl, partially filled with water should be placed thereon to be used as a font. Flowers, of course, will add a cheerful note to the room, especially if placed behind the font. A room should be prepared for the clergyman's use when putting on his vestments, etc.

A short time before the hour set for the ceremony, the guests arrive and are received informally by the parents. When all is ready the baby is brought in by either one of the parents or the God-mother. The ceremony then proceeds in the usual way, the God-mother holding the baby during the ceremony.

Question: Please tell me the correct wording for a formal regret and a formal acceptance.

Answer: Mr. and Mrs. John Smith accept with pleasure Mr. and Mrs. John Porter's kind invitation for Saturday (date) At four o'clock

In a regret, substitute for the second line: Regret they are unable to accept.

## 'Confidence Women' Hunted By Police

LANCASTER, Pa., Sept. 7.—(INS)—Police today combed the streets for two "confidence" women who reportedly fleeced Mrs. Annie May White, 71, of Lancaster, R.D. 8, of \$6,600.

This is the story police got: A neatly dressed woman started a conversation with Mrs. White in a downtown store and mentioned having "found" a wallet containing \$6,000. She said she was going to share the find with her negro maid who was present and displayed a bulging wallet.

Then the woman offered to share some of the money with Mrs. White, but asked her to put up some cash as "security". Mrs. White drew \$6,600 out of the bank and turned it over to her "benefactor." The woman, her maid, the wallet and Mrs. White's money disappeared.

# All-New All Over!

The 1949 Mercury Sport Sedan\*

SOMETHING wonderful happens to you when you look at an All-New 1949 Mercury—first time, second time, any time you see it.

When you see the gay grace of Mercury's longer, lower lines . . . its wider, close-to-the-road beauty, you agree "That is new—all-new!"

When you slip into the driver's seat, you discover roomier comfort . . . a seat actually 8 inches wider.

And when you touch the starter

button, the oilken purr of that mighty 8-cylinder, V-type, exclusive Mercury engine says: "Get set for an all-new ride."

And what a ride it is! Mercury's all-new spring suspension floats you over the bumps. Mercury's all-new spring suspension and chassis balance soak up road-shocks like a sponge.

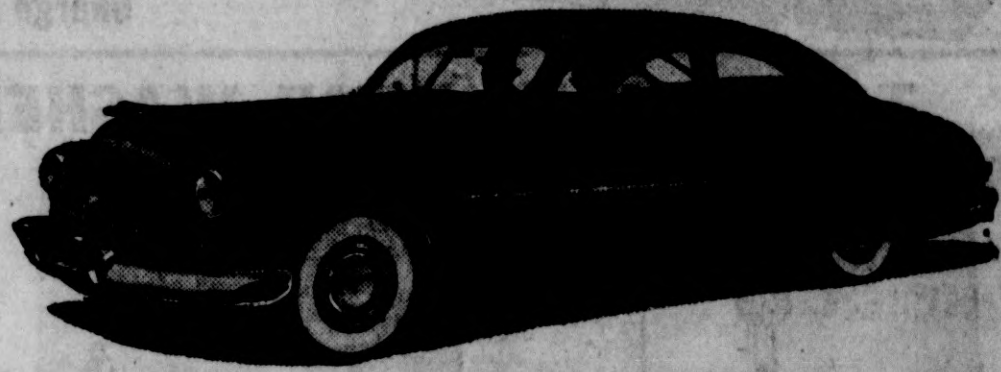

Yes, from top to tires, bumper to bumper, inside and out—Mercury is all-new . . . all over!

The 1949 Mercury Six-passenger Convertible\*

is a striking, sleek beauty that smiles at any weather. Top and windows move up or down by automatic control. Even the front seat glides back and forth at the touch of a finger.

\*White sidewall, rear wheel shields are optional.

The 1949 Mercury Six-passenger Coupe\*

—dashing, trim, versatile—combines the compactness and good-looking informality of the coupe with the big six-passenger seating capacity of the sedan.

## Around Hollywood

By RUTH BRIGHAM

(International News Service Staff Correspondent)

HOLLYWOOD, Sept. 7.—(INS)—The trouble with Hollywood people is that they no longer crave strawberry shortcake. Even if you don't like strawberry shortcake you've got to want something . . .

And everybody in movietown is satiated with everything. They ate too much too soon. For the most part, the town is made up of simple people from all parts of the country, people who never had anything, or enough of it.

Suddenly, they have everything they ever dreamed of and they gobble it up. Then they lie around wondering . . . what next?

They want thrills. Their authentic thrills are over. So they seek synthetic ones.

Bob Was Warned

And pretty soon—what with the

fan homage and the power of money—they begin to think they're the untouchables—in reverse from the Indian sense.

Bob Mitchum, for instance, had been warned. He'd even been approached in a restaurant, by Federal agents, at a time when no evidence was found. But he didn't take the warning.

Others have been warned. But they didn't take the hint, either. Now they're afraid, believe me.

Lights have been out early every night since Bob Mitchum was apprehended. And night club business fell off 80 per cent the first few nights.

Rita Has Best Deal

If you wonder where all the new cars are—they're in Hollywood.

You can stand on the corner of

Hollywood and Vine at any time of any day and 75 per cent of the cars are nice, shiny new ones. The other 25 per cent are nice, shiny used ones. Except one.

There's usually one old one. But Rita Hayworth has about the best deal of all. It's with one company which lets her trade her old (?) model in as often as she wants with a new car always guaranteed without delay and at no cost. The permanent purchase pact was made in return for her endorsement on the first car she bought and paid for.

## Heirens Starting On Third Year

The 19-year-old youth, who admitted the butcher slaying of six-year-old Suzanne Degnan among

his crimes, recently was transferred from his job in the prison laundry to one in the library.

Warden Walter Nierstam.

id Heirens' psychiatric treatment has been present and that the prisoner was giving him no trouble.

## Body Of Staff Sergeant Flynn Arrives In City

Funeral Service For War Hero To Take Place Thursday Morning

The body of Staff Sergeant James E. Flynn, 450th Bombardment Group, of 8 East Edison avenue, arrived this morning and was taken to the A. Darrell Burke funeral home, North Jefferson street, from where funeral services will be conducted.

Sgt. Flynn was 22 years of age at the time of his death when he was shot down over Weis, Austria, as a member of the radio operator on the H. S. Mouse Esquire. It was his 20th mission.

The youth entered the service October 31, 1942, and received his basic training at Keesler field, November 6 to December 30, 1942. He was at Scott field from January to May, 1943, and also trained at the gunner school at Almagorda, New Mexico and Laredo, Texas. Later in November, 1943, during the latter part of the month he

departed with his crew in the Liberator, H. S. Mouse, Esq. for overseas duty. His plane was shot down on February 23, 1944, while enroute on a mission to Styer. For his courage he received the Air Medal with three Oak Leaf Clusters; and the Purple Heart. Five of his crew were German prisoners until after the war; three were never found and Sgt. Flynn's body was the only one found. He was buried in a village cemetery of Krengback, Austria, and later was moved to St. Aved, France.

Sgt. Flynn was the son of James J. and Catherine Flynn. He was born May 12, 1922, in this city, and attended St. Mary's and New Castle Senior high school. He was employed at the Ellwood Tube Mill. He was also previously employed at the Castleton and Carnegie Illinois Steel company. He was a member of St. Mary's church, the Holy Name society of the church; St. Mary's basketball team 1940; and a member of St. Mary's Alumni.

In addition to his parents he leaves two sisters, Donna Jean and Barbara Leah; and grandmother, Mrs. Mary Hemphill, this city. Sgt. Flynn was first reported missing in action, March 13, 1944, and 23 months later was then reported as having paid the supreme sacrifice for his country. In 1945, Mr. and Mrs. Flynn were notified by a woman in the village who saw his plane shot down.

Funeral services for Sgt. Flynn will be conducted Thursday morning at 10 o'clock, in St. Mary's church. Burial will be in St. Mary's cemetery.

Friends may call at the Burke funeral home, this evening 7 to 9 o'clock, and Wednesday, 2 to 4 and 7 to 9 o'clock.

## Fifty Take Part In Swimming Meet At New Wilmington

Large Crowd Attends Despite Threatening Weather Of Monday Afternoon

NEW WILMINGTON, Sept. 7.—Second annual New Wilmington Rotary club swimming meet was staged at the New Wilmington swimming pool Monday afternoon and despite threatening weather drew a large crowd, and an entry list of some 50 young swimmers of the community. The meet was held from 2:30 to 4:30.

The event, sponsored by the Rotary club, had Harold E. Burns as chairman, and serving on the committee were Tom Ashcom and John McCandless. Other Rotarians assisting with the various events were: Tom Mansell and Herb Smith. Officials of the meet were Coach Harold Burry of the Westminster swimming team and Joe Ferris of the physical education department.

Gold, silver and bronze medals were given the various winners. The presentation of the medals was made by Secretary McCandless of the Rotary club.

The Rotary club looking to the revival of the New Wilmington Labor Day community picnic next year, has suggested the annual swimming meet as a culmination of a delightful Labor Day for the picturesque college town.

## Picture Coverage Of Lawrence County Labor Day Events

Throughout Lawrence county on Monday, special events drew large crowds. In New Castle the Optimist club's Orange Crate Derby packed the largest crowd. In New Wilmington, two events took place with the Rotary club's second annual swimming meet copping the honors. The annual Labor Day auction also drew a crowd at New Wilmington, but threat of rain kept the size of the gathering down. The News sent photographers to cover these major Labor Day events with these photos as a result.

## Five Local People Injured In Crash

Wife Of City Fireman Rohrer Has Arm Broken In Collision In Mercer County

Five local people were injured in a highway collision on the New Castle-Sharon road, near Bobby's Corners, late Saturday morning, and were brought to the Jameson Memorial hospital for treatment by a passing motorist.

Mrs. Vera Rohrer, wife of City Fireman Clyde Rohrer, of 117 East Grant street, suffered a fracture of the left wrist. William Vogan, of 121 North Mercer street, driver of the car, Mr. and Mrs. Russell F. Kightlinger, of 121 North Mercer street, and Mr. Rohrer escaped with bruises.

The crash occurred when Cecil Blair, of 479 North Water street,

Sharon, stopped his car on the highway to pick up a dead pheasant, causing a collision between Mr. Vogan's car and that of Ralph Hoffman, of 415 Wayne avenue, Ellwood City.

## Police Officers Made Detectives

When council met Tuesday in council chambers, city hall, two members of the city police department were raised from the rank of patrolmen to that of city detective. They are Jack Thompson and Thomas Boyle.

During the past several months they have been assigned to investigations in plainclothes.

The recommendation for their elevation was submitted by Chief of Police Robert D. Hanna to Mayor John F. Haven.

When the recommendation was read, Safety Director Dick Davis made a motion that it be adopted. Streets Director James Gibson seconded the recommendation. It was adopted unanimously.

## Small Boy Hurt; Struck By Auto

Edward Shaffie, age 3, is in the New Castle hospital with a broken left thigh, result of an auto accident at 2 o'clock Saturday afternoon. According to a report made to city police by Michael Mangino, 2 1/2 East Long avenue, Mangino was turning from Pennsylvania avenue at Lyndal street to go to his garage when the boy ran against the rear wheel.

Another version told by the boy's mother, was that the little fellow had been sitting in the street near the curb and was hit when the auto made a left turn.

Another motorist took the boy to the hospital.

## New Phone Strike Set For Sept. 17

CHICAGO, Sept. 7.—(INS)—A strike which would imperil the nation's telephone service was set today for September 17 by officials of the CIO Association of Communication Workers.

The association represents 25,000 installers of new telephone equipment and switchboards.

The strike was set even as management and union leaders were meeting with federal conciliation officials in an attempt to settle a wage dispute.

**NO BAND PRACTICE**

Because of the meeting of Lawrence County Vulture, No. 81, La Societe des 40 Hommes et 8 Chevaux, which is scheduled for Thursday evening, there will be no rehearsal of the Legion Band this week, W. J. Alexander, band manager, announces.

Astronomers predict a day will eventually be 48 hours long. That means a long wait until quitting time.

## AMOS MAZZANT OF ELLWOOD CITY WINS ORANGE CRATE RACE

(Continued from Page One)

given a sport shirt with the "Orange Crate" emblem, sewn upon it.

Champion Mazzant took his first heat from Jimmy Gwin of New Castle in the time of 25.2. Gwin, former marbles champion of the county, encountered tough luck halfway down the course, losing control of his car and spilling into the fringe of the onlookers. He suffered abrasions of the arm but otherwise was unhurt.

In his second time down, Mazzant took the measure of Bob Anderson in 26 seconds flat. In the class "B" finals he disposed of Robert Focht in 25.4.

John Soczyk took his crimson racer down the ramp five times to clinch the class "A" laurels. He defeated Norm DiGennaro, 25.3. Leonard Clanhann, 25.2. Johnny Bakuhn, 25.3. Sammy Hanna, 25.4, and finally Yachabach, 25.2.

**Yachabach Goes To Finals**

Yachabach, son of Optimist Joe Yachabach, carried New Castle's colors the farthest during the afternoon and staged a grim battle against Soczyk for the honors. He gained the finals by dusting off Adolph DiGennaro, Billy Skuba, Joe Frenkel, Ed Soczyk and Wilbur Focht. Focht, incidentally, recorded the fastest time of the day, 24.4 seconds, as he eliminated Don Plassmeyer. He also notched a 25 flat, as did Jimmy Palmer, Ronnie Yachabach and Ray Colavincenzo.

Only one dead heat was run, the race between George Fair and Sam Shaw. Fair won the run-off in the time of 26.1.

Three of the original entries didn't participate. They were Mel-

## Noted Scientist Retires From Job

PITTSBURGH, Sept. 7.—(INS)—A scientist with more than 100 patents in radio, electronics, jet propulsion, telephony, electrical equipment, radar and other fields, has retired after 43 years of research.

He is Dr. Lewis Warrington Chubb, 63, director emeritus of the Westinghouse Research Laboratories, Pittsburgh.

His record of accomplishments is phenomenal. Dr. Chubb helped cut down on high energy losses in electrical steels, and followed that with

important work in high temperature insulation.

His novel, electro-percussive method of welding, still in use today, revolutionized that field, and he obtained the first American patent on grid-controlled arc inverters and vacuum oscillators.

When radio started its rapid rise after World War I, Dr. Chubb was chosen to spearhead the company's engineering activities in the field, and figured prominently in the establishment of KDKA, Pittsburgh, the world's pioneer broadcasting station.

The proportion of single and divorced women at work or looking for jobs in the United States is now higher than that of married women and widows in 1947.

## IT'S GOOD BUSINESS

EVERY PROGRESSIVE STATE is doing all it can to attract new industries... for new industries are good business for the state and for its citizens.

If Pennsylvania could attract a new industry in which nearly one out of every 100 of its citizens would have a personal stake, either as an employee or as an investor, what a great accomplishment that would be.

And if the new industry were to pay these people more than \$100,000,000 in a single year, what a great thing that would be for Pennsylvania business and professional men.

And if the employees of the new industry resided in cities and towns throughout the state, what a boon that would be for local communities.

And if the new industry were to provide a service which all citizens of the state would use, what a vital industry that would be to everybody.

Pennsylvania already has an industry—not a new one, either—that meets those specifications to the letter:

It is this company, and it is growing every year.

# Chiefs End Season By Taking Three Out Of Four

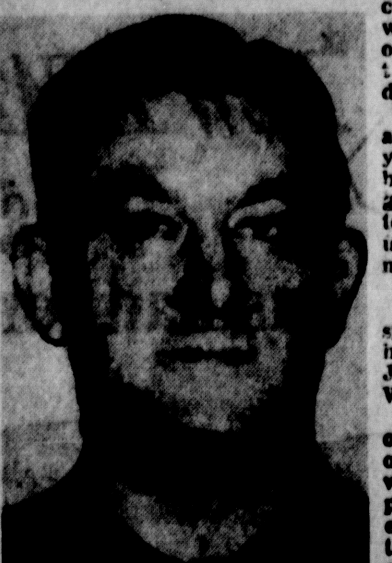

## It Was Rugged! So Says Ump Priscaro OF NBC Baseball Marathon In Wichita

Thirty-five ball games, with a speedy number of them played under a boiling sun, just about gave umpire Tony Priscaro his fill of baseball officiating last month. Tony was one of four "men in blue" across the nation singularly honored to work the National Baseball Congress semi-pro tournament in Wichita, Kansas from Aug. 12 to Aug. 31, and in the words of the local ump—"It was rugged!"

Priscaro was selected with Gene Runner of Ft. Wayne, Ind., Ed. Landers, Milwaukee, Wis., and Fred Willis of West Lafayette, Ind., and was put through a grind that made him call balls and strikes in his sleep during the 19-day stay in the midwest city. That is, when he could sleep. He reports that the terrific pace left him limp at the end of the day and his self-appointed "massages," Al Conti, president of the county Umpire Association, and his companions on the trip, gave his aching muscles nightly rub-downs to keep him going.

"I saw some of the best baseball I have seen anywhere," said Tony, "fast, well-drilled teams, with top-notch players and managers, and the competition was nothing less than terrific. The winners were the Fort Wayne, Ind. Electric, grabbing the \$10,000 first prize money. Second was the Elkin, N. C. team, taking \$7,000 and St. Vernon, Washington finished third with \$5,000 as their gold."

The local ump said that many

ANTHONY PRISCARO

over ball-players either. Priscaro was made an attractive offer to officiate in the Texas League, a triple-A circuit, but turned it down.

"My roots are in New Castle and I am satisfied here. If I were younger I wouldn't have hesitated, but I feel now that my zest for the game has dulled somewhat. Then, too, I don't think I would like the unsettled life of an umpire in the minors."

**PSES Employee**

Tony is employed at the Pennsylvania State Employment office here, and is the father of a son, Jerry, who accompanied him to Wichita and saw every game.

There was very little squawking on plays, said Priscaro. Only in one game did the ump get a howl, when three straight calls on close plays, all against the same club, electrified the atmosphere. The journey ran day and night and the contests averaged between 7,000 and 9,000 fans. Tony and his fellow-umps split into pairs following the games and then re-united for the finals. Teams were eliminated after two losses but were in the money if they topped three games.

Following the tourney, Ray DuMont, president of the NBC, lauded the work of the umpires.

"In the 14 years we have been staging these nation-wide tournaments," he stated, "the officiating has never been better."

That sounds plenty good to us, and must have the right ring to Mr. Priscaro, a local boy who made good, even if it was "rugged."

## Wampum County Loop Champs, Meet Universal A.A. In Series

WAMPUM, Sept. 6. — Wampum Sunday grabbed the Lawrence County League title, banging out a 12-0 victory over the Bessemer Cementers here before an overflow crowd in a free-hitting contest.

The Victory club succeeds the Ellwood Moose, 1947 champions. Scoring ten of their runs in the first three frames, the Wampum team took a 3-0 lead. The Bessemer team in the third and then added two more in the eighth. Bessemer made the game interesting when they tallied five times in the last of the ninth to completely score the victory.

Frank Powell started for the Wampum team, being relieved by Don Anderson and Lewis. For the Cementers A. and W. Anderson shared the hill.

Bessemer outdid their rivals, 11-7 but had five costly errors in the field which crippled their chances. Don Anderson of Bessemer had the only homer of the day.

## Lombardo Again Country Champion

For the second time in three years, A. J. "Tiny" Lombardo, one of the most consistent low scoring golfers at Wyvern Heights, won the city-county open golf championship on Saturday, when he defeated John Ferry, 4 and 3.

Going out the first time, both players were even at the end of nine holes, shooting one over par for 37. At the end of the first 18 holes, Lombardo took a lead of one hole, shooting a 73, one over par to Ferry's 74.

**Going Another**

At the end of 37 holes, Lombardo gained another hole, and then went on to win, coming in on the last nine, four up and three to go.

Lombardo was just two over par for the 36-hole grip. Roy Mumford won the second flight title by defeating Nick Gennock. Gennock was three up at the end of the first nine, but Mumford came back to square it at the end of 18. On the second 18-hole round, Gennock again took a three-hole lead, only to see Mumford come back and win four holes on the last nine.

George Bevan defeated Harry Karab to win the third-flight championship. Karab was five down at the end of the first 18 holes, a handicap he was unable to overcome. Bevan, one of the outstanding young golfers of the season, gives promise of developing into a real star. Bevan disposed of Bill Rote, Bill Ross and J. P. Morgan to reach the finals, while Karab eliminated E. Brown, Bill Monks and E. Amadi.

The question of which league is tougher will be answered tonight at Flaherty Memorial Field when the Universals of the City league meet the Wampum club of the County league.

All through the past season the argument has prevailed that one league was better than the other. Now with the winner of both leagues meet in a five-game series and that will certainly decide all the arguments that have come this season.

Wampum, winner over Bessemer for the County league title, will start "Jim" McCready, a left hander, in order to stop the fast going Universals. Manager "Ruck" Davies of the Universals will counter with "Monk" Rainey, who has stopped the Wampumites twice this year in exhibitions.

The second game of the series will be played Wednesday evening at Wampum. This game will start at 8:30.

Tonight's game will start at 8:15 and will be a nine-inning game and will finish under the lights. The biggest crowd of the winning baseball season will turn out to Flaherty Field to see the two classic teams of their respective leagues.

The Universals move off to Youngstown Saturday morning to participate in the National Baseball Federation tournament. This is the finest tournament of its kind in America and brings together the finest amateur baseball teams in these United States.

New Castle can feel very proud that they are represented in this tournament as this is the first year Castle has held a franchise in the federation. The drawings for this tournament will be held Friday evening at the Ohio hotel in Youngstown.

At that time the Universals will know just who they meet in the first game they play on Saturday. The baseball fans of New Castle should plan to attend the tournament and give the local team support.

**By LOU GARAVANTE**

NEW YORK, Sept. 7.—(INS)—Restrained conservatism was cast aside in Boston today as citizens of the hub hysterically toasted their two major league entries and gleefully eyed a ten-cent world series.

For those Beantowners who take their baseball National League style, it was the Boston Braves in general and Warren Spahn and Johnny Sain in particular, who were causing the most rumpus.

The Braves are four games ahead of the lagging pack in the senior circuit and it was the stellar mound work of Billy Southworth's victory twins that gave distinct probability to Boston's first pennant since 1914.

The Tribe lashed the runner-up Dodgers from the portside and starboard yesterday as Spahn and Sain threw a pair of five-hits, 2 to 1 and 4 to 0 triumphs in a pivotal doubleheader.

Spahn outbatted three Dodger pitchers over 14 innings before Earl Torgerson scored Clint Conner from first with a scoreboard-denting double. Joe Mattern, Gritty Southpaw, who was in more trouble than a six-time offender, finally surrendered the winning blow. The win was Spahn's 13th.

**Sain Wins Nightcap**

In the nightcap, Sain stifled Dodgers bats to rack up his 18th victory. Jeff Heath's two-run triple off Harry Taylor was the deciding blow. The game was called at the end of seven innings because of darkness.

Adherents of Boston's American league club had cause for exultation as the Red Sox extended their lead to 1 1/2 games by sweeping two games from the Senators.

The Sox hung up their 22nd victory in their last 26 outings as they downed the Nats, 14 to 6 and 2 to 1.

Mel Parnell coasted home in the second hit to chalk up his 16th win.

Pittsburgh's surging Pirates moved into third place in the National league, a half game behind the leading Yankees, by trimming St. Louis, 3 to 1 and 4 to 1.

**Chomies and Kiner**

Boobie Bob Chomies, assisted by Ralph Kiner's two-run homer—his 34th—made his double play (tying a major league record) won his 13th game.

Southpaw Vic Lombardi uncorked a five-hit job in the second

**RALPH CAN DO IT**

PITTSBURGH, Sept. 7.—(INS)—Ralph Kiner, who hit 51 home runs last year, can do it again this season.

The Pittsburgh strong boy is tied with his 1947 pace in the number of games played, but is better on the calendar.

On Sept. 7, 1947, Kiner had hit 41 round trippers in 133 games. Today, he had 38 homers in only 130 games—the same amount he had for 132 games last year.

fray to win his eighth game and hand George Mungler his 10th defeat.

The New York Giants swept two from Philadelphia, 4 to 3 in 13 innings and 3 to 0 in a seven inning contest halted by darkness.

Chicago and Cincinnati broke even. The Reds, behind Johnny Vander Meer took the curtain raiser 3 to 1 on Hank Sauer's 20th round tripper and the Cubs won the second 6 to 2.

**Yanks Stopped**

In the American league, Philadelphia snapped New York's nine game winning streak by winning the finale 6 to 2 behind Joe Coleman. The victory also ended the A's eight game losing streak. Philadelphia having dropped the first game to Vic Raschi 6 to 4. The win was Raschi's 18th.

Cleveland fell 4 1/2 games off the pace by splitting with the tall end Chicago White Sox. Chicago's Joe Haynes won the first game 3 to 1 but Bob Feller came back with a three-hitter to win 1 to 0 in seven innings.

St. Louis and Detroit split. Rookie Ted Gray racked up his fourth game without loss as the Tigers won the opener 3 to 1 and in the afterpiece the Browns outslugged the Bengals 11 to 10.

Stan Mauldin, All-American tackle while at the University of Texas, All-Service while playing with Air Corps team, and last year selected as an All-National Football league tackle, has gained his 1948 contract, according to Ray Bennings, president of the Chicago Cardinals.

## Are Red Sox in?

**JOE MCCARTHY**

Old "Marzo Joe" has his Boston Red Sox setting a dizzy pace for the American league flag this season and many fans see a "subway series" between the Sox and the Braves. The McCarthyman thrashed the Senators Labor Day, 14-6 and 2-1, while the Yankees split with the Athletics.

## High Gridders Return To Town

Tanned and muscles hardened after two weeks of intensive drills at the Fred L. Rents "Y" camp, the New Castle High football team resumed training at the stadium this afternoon. The opening game of the 1948 season is Friday night with Erie High at 8:15 o'clock.

Considerable in the way of conditioning was accomplished at camp. The coaches have a pretty fair idea as to just who will start the game Friday night. There are still a couple of doubtful starting spots that have to be filled before the week is out.

Despite the intensiveness of the camp drills no serious injuries were incurred. Workmen are busy completing the stadium for the kickoff Friday. The sale has been quite heavy for season tickets. The individual game tickets go on sale Wednesday at the North street school basement.

## Moose Club Trims Steubenville, 4-1

**First Defeat For 'Moose' To Out-Of-Town Team In Two Years, Maggie Victor**

The New Castle Moose club softball team ended its 1948 season in a blaze of glory Saturday night at Steubenville, O., defeating the Steubenville 4 to 1 under the lights with over 1,000 fans looking on. Roger Maggie, the veteran, held the losers to two hits and fanned 15 men.

This was the first loss in two years by Steubenville to an out-of-town team. Every one of the Moose players hit safely with Kelly and DeVito getting extra-base socks. Naples again played a great defensive game. O'Malley was the losing hurler.

The Moose, owing to the lateness of the season, turned down a bid to play in the Columbus, O. playoffs. Governor Joe Todd of the New Castle Moose gave the players a delicious steak dinner after the game Saturday evening. Manager Jimmy Valentino and his Moose team have come in for a lot of healthy praise and hope to be back next year with another great championship team.

## Pulaski North County Champs

**Defeat East Brook Saturday Night, 7-0, Behind Pitching Of Sagenich**

Pulaski today is being toasted as the champions of the North County league, having whipped East Brook Saturday night 7-0 to clinch the league laurels.

Jake Sagenich fired a two-hitter to give his team the flag. Pulaski replaces Volant as kingpins of the circuit.

The winners waxed hot in the series with the Brooks, taking three out of four for the honors. While Sagenich was miffing the Brooks, Pulaski jumped on Patterson and Tharpe for nine hits, exploding for five in the sixth frame. Shortstop Patterson led the attack with three singles.

## French Fete Plans Complete

**Governor Duff, Judge Ladner And Senator Walker To Be At Banquet**

Plans are complete for the testimonial banquet to be tendered Charles A. French, state fish commissioner in the Cathedral Saturday evening and arrangements have been made by many sportsmen and their wives from all northwest division points to be present. In fact, almost every county in the state will have representation at the fete. In addition, reservations have been made by Ohioans, West Virginians, Marylanders and also from the Empire state. Mr. French is a resident of Ellwood City.

During his 12 years as head of the fish commission Mr. French has worked tirelessly against terrific odds to create more fishing for anglers according to Seth Myers secretary of the Northwest Division of the State Federation of Sportsmen.

Among those who will be present at the banquet is Governor James A. Duff, who recently reappointed Mr. French to office. His presence in itself is a tribute to Mr. French. Another prominent who will be present is Judge Ladner of Orp-hans Court, Philadelphia, and another third prominent coming is Senator Walker of Pittsburgh.

**FALCON BOWLER MEETING**  
There will be a practice session of the Falcon club bowlers the night of September 14. It was announced today. All members of the team are asked to be present.

## Humble Vans On Saturday Take Oiler Series Here

In a regular Frank Marriwell finish, the New Castle Chiefs ended their Mid-Atlantic 1948 season, at P. J. Flaherty Memorial Field, Monday evening, with a 7 to 6 stunning triumph over the Oil City Refiners. Danny Carpellotti drove in the winning run in the last of the ninth with one out. In the Monday afternoon game Oil City won 3 to 1. New Castle trimmed Oil City Sunday 7 to 2.

By winning three out of the last four games on the card, the New Castle team finished with 43 wins and 35 defeats in seventh place, with a .541 average, well ahead of the cellar-dwelling Youngstown neighboring Colts.

**Defeat Champs**

New Castle Chiefs turned on the championship Vandergrift Pioneers Saturday night at Vandergrift winning 8 to 4, as "Red" Thomas pitched a great game, limiting the 1948 champs to six hits. The Chiefs had 13 hits off of Komora and Vorchand.

New Castle didn't fare too good in the season just ended winning but three and losing 15 to the champions.

**Meranda Brilliant**

Charley Meranda outpitched Joe Schafer here Sunday afternoon to give the Chiefs a 7-to-3 win over the Oil City Refiners, granting eight hits, but being effective with men on base. New Castle had seven hits and made count for runs, with Mike Feduniak driving in three runs, Corbett, Alose and Fitt one each.

New Castle had two big innings, the sixth and eighth scoring three times in each frame. The Chiefs played brilliantly in the field Sunday going errorless. The Oilers had two bobbles. Jimmy Muldoon and Carpellotti sparked Sunday accepting 13 chances between them faultlessly. Meranda had wonderful control fanning six and walking but one man.

Schafer fanned five and walked 10 men.

**Felix Buchionni Loser**

Felix Buchionni was the loser Monday afternoon to Jim Pierce in a mound duel, the Oil City hurler allowing six hits and one run. Buchionni allowed seven hits and three runs.

Until the seventh inning New Castle led 1 to 0, with "Bucky" giving left two hits, but the Refiners battled one in in the seventh, another in the eighth and one more in the ninth.

Buchionni on four hits for the last three innings. New Castle couldn't hit Pierce effectively in the pinches. The only extra-base hit allowed by Pierce went to Panek, the New Castle catcher in the second inning.

Moore led the attack on Buchionni with a triple and single, while Herb Denning, and Pierce each had doubles. The games was one of the fastest here this year in 1 hour and 44 minutes.

**Buchionni Is Winner**

Relieving Mike Roebuck in the eighth inning of the game last night, Buchionni was given credit with the final victory of the 1948 season. Oil City led 5 to 2 as Buchionni took over.

The night-cap Labor Day was a thrilling battle, the Oilers hopped on Roebuck for three runs in the first inning, and added two more in the fifth, as the Chiefs defense collapsed.

New Castle battled in a pair of runs in the third inning, then three hits, and two walks, Jackie McCullough, a New Castle boy who played in right field singled with one out, Jack Fitt doubled and Corbett walked, Manager Carl Miller hit a single to right and scored McCullough and Fitt.

**Carpellotti Wins Game**

New Castle tallied one more in the eighth, on a double by Fitt, and was singled home by Miller.

New Castle went to bat with the score 6 to 3 against them in the final half of the ninth. Lou Panek led off with a single, Mike Feduniak batted for Buchionni and walked. McCullough led off with a double, Fitt singled, Jackie Miller singled, Fitt singled and Panek and Feduniak scored. Ty Corbett walked, and Manager Miller doubled to

right field, scoring Fitt. Mahoney was purposely passed to get at Carpellotti, and "Danny" crossed up the Oil City strategy with a slashing single between short and second that sent Corbett in with the winning tally as the fans and players went wild.

**Fitting Finish**

It was a fitting finish to a team that had been mired in the cellar the biggest part of the year and managed the last month to climb into seventh place. New Castle opened the season with a 6 to 0 win over Butler here and won the last one 7 to 6 over Oil City.

Just what plans are in store for 1949 are not definitely known at the moment. New Castle will more than likely though continue in the Mid-Atlantic league.

## BARNEY ROSS SEES ZALE BY KNOCKOUT

**LOCH SRELDRAKE, N. Y.**  
Sept. 7.—(INS)—Barney Ross, former welterweight king, predicted today that Tony Zale will knock out Marcel Cerdan in their midweight title bout, if the fight doesn't go more than five rounds. If the fight goes beyond five rounds Ross said, Cerdan will be the new 160-pound champion—and by a knockout. This is one fight that will never go 15 rounds.

Ross said that Cerdan seemed light to be a bona fide middleweight.

Clowns-Monarchs  
Tangle Thursday

The baseball game of the year will be played Thursday night when the classy Kansas City Monarchs, five time Negro World Champions meet the famous Indianapolis Clowns at P. J. Flaherty Memorial Field.

The Clowns need no introduction to the fans of New Castle as in their game with the City League All Stars proved that they were the finest team to appear here for some time. With "Goose" Tatum the world's finest first baseman in the lineup and backed up with good pitching and classy fielding hope to take the measure of Monarchs.

The Monarchs the team that sent "Satchel" Paige to Cleveland and "Jackie" Robinson to Brooklyn have come up with more Negro stars. Henry Thompson classy right fielder and Willard Brown center fielder who were up last year with the St. Louis Browns of the American League, plus Curtis Roberts the 19-year-old sensation of the American Negro League. According to reports this boy is on his way to the major leagues.

Tickets for the game are going fast and the biggest crowd of the season will be on hand to see these two fine teams in action.

The game will start at 8:15 and the gates will open at 6:30 to accommodate the crowd.

**CARDS ROUT 'SKINS**  
DENVER, Sept. 7.—(INS)—The Chicago Cardinals roared to a resounding 49 to 30 victory over the Washington Redskins in a professional football exhibition in Denver last night before 18,000 fans.

The National Professional league champions demonstrated an improved offense and an impenetrable defense in scoring their first victory over the Washington squad in 10 years.

Sammy Baugh's throwing arm accounted for all three of the Redskins' touchdowns, while Coach Jim Connelman used a variety of talent to roll up his 28-point victory margin.

**PHILADELPHIA, Sept. 7.—(INS)—**Robert (Bobby) Deuber, brilliant tailback from the University of Pennsylvania, football team for the past three years, will be lost to the squad for the season. Deuber injured his elbow while pole vaulting in a dual track meet with Columbia university on Franklin field last May and it has not responded to treatment. A large chip was broken from his elbow exposing the ulnar nerve.

Medical experts advised observation for many months. They said Deuber could not play as it might seriously injure his arm if he fell heavily on the exposed nerve.

Andy Swedko and John Paskowski Take Event At Sylvan Heights Monday

Andy Swedko and John Paskowski, of Pittsburgh, teamed up to shoot a low net of 66, to win the best ball event at Sylvan Heights course Monday, with three local pairs tying for second place. Merchandise prizes totalling \$75 were awarded the winners.

The Pittsburghers shot a 34-32 for 66, against low nets of 70 posted by Fred and Tanya Lombardo; Ted Lach and Louis Malizia, and Pete Dimeco and Mike Lombardo.

**Flight Tied**  
The second flight was tied with Steve Scander and Joe Sanor, also of the Pittsburgh district; with a low net of 73; and Greenlee Buonpane and Vic Rosati, shooting a similar score.

In the third flight, Harry Karaki and Jack Zuzov teamed up to shoot a 77, tying with Bill Rote and Ed Bogdon. This tie will be played off next Sunday.

John Ferry, Tom Twaddle, and Tony Scoppolite won the blind bogey with a net score of 80.

This climaxed a successful season of golf at Sylvan Heights, although there will still be a lot of play on into the fall.

Walcott Battering  
His Sparring Mates

**CAMDEN, N. J., Sept. 7.—(INS)—**Jersey Joe Walcott will run out of sparring partners if he continues his savagery as he drills for his September 21 heavyweight bout with Gus Lesnevich.

Walcott drove Curtis Sheppard around the ring with roundhouse rights in a two-round workout after Sheppard had stung Jersey Joe with a straight left.

Walcott continued his assault against Johnny Wilson in another two-round drill. Walcott apparently was angered when Wilson really belted him with a terrific right to the mouth.

Some Degree Of Weather  
Control May Be Possible

By JAMES L. KILGALLAN  
(U. S. A. Staff Correspondent)

NEW YORK, Sept. 7.—Control of weather might be possible to some degree—some day, in the opinion of Dr. C. G. Suits, noted scientist.

But, before that can be accomplished, he said, a tremendous amount of scientific work will have to be done.

Dr. Suits, who is vice president of the General Electric Company and director of research at the company's laboratories at Schenectady, told International News Service today that those experiments with hurricanes conducted in the Atlantic off Florida last fall were "misinterpreted."

"At no time," he declared, "was any consideration given to attempting to control—or bust—a hurricane, as was erroneously reported."

**Experiments Staged**  
(The experiments, known as Project Cirrus, were staged by the Signal Corps and the Office of Naval Research. The experiments aimed hopes that severe storms could be controlled by planes, dropping dry ice.)

(Project Cirrus sent a B-29 and two B-17's chasing the raging gale of October 10-15, 1947. They caught it after the devastating storm had swept across Miami and veered into the Atlantic.)

(The Signal Corps team dropped

100 pounds of dry ice on the top of the cloud, a few miles from the center. Published reports said that a few hours later the hurricane snapped back and blasted Savannah.

"General Electric's part in the project was merely that of technical advisers."

**Not Intended To Control**  
Dr. Suits, in an interview, said the hurricane experiments of last year were not intended to attempt control of hurricanes.

They were primarily conducted, he said, to study the general hurricane cloud system, including its relative instability, its degree of super-cooling and to study on a small scale what effects seeding of dry ice might have on parts of the hurricane.

Dr. Suits continued: "As a result of the experiment last year, it was found that hurricanes constitute extremely complicated weather phenomena and before any more experiments with dry ice are conducted a great deal more study should be made of the basic structure of hurricanes."

"Studies made thus far amount tentatively to observations on where hurricanes start, how fast they grow and where they disappear."

**Need Detailed Studies**  
"What is needed is a detailed study of pressures, temperatures, humidities, wind velocities and detailed analysis of the cloudy structures that make up hurricanes."

"This is a far larger job than can be accomplished by Project Cirrus and there is no present study under way at this time."

Dr. Suits remarked that any attempt to curb a hurricane would be "what you might call post-graduate weather control."

"What we (the weather scientists at General Electric) are trying to do now," Dr. Suits explained, "is to get through first and second grade."

"That is, to study simple weather effects such as stratus clouds and isolated cumulus clouds and

to learn enough from such studies to work toward large scale weather effects and storms.

**May Be Possible**  
Control of weather might be possible to some degree some day but a tremendous amount of scientific work has to be done first.

"It is almost another atomic bomb project in its scope."

"At present we are whittling away at the job on a very small scale."

"The possibilities are so important that we should have a much larger national effort engaged in this work."

The General Electric at Schenectady has about ten scientists working in its laboratory on weather data, and various phases of weather phenomena.

Chief among them are Dr. Irving Langmuir, associate director of the research laboratory, and two of his principle assistants—Dr. Vincent J. Schaefer and Dr. Bernard Vonnegut.

These three scientists have developed several methods of producing snow and rain from clouds. They are continuing basic research in this field.

Dr. Suits is in over-all charge of the laboratory, one of the greatest in the world.

The annual September-October hurricane season has just opened again, but there has been no indication of another try at Project Cirrus.

Washington advisers say Air Force officers are being privately "needed" about the project, and a spokesman for the project was recently quoted in a newspaper column as saying:

"We have no plans to send planes into the hurricane area this year."

**Push Campaign For Boosting Gas Tax Rate In State**

HARRISBURG, Sept. 7.—(INS)—A campaign to convince motorists of the need for boosting of gasoline taxes was sparked by a 20-page Highway Department booklet pointing to skyrocketing costs.

The booklet, bearing the names of Gov. James H. Duff and Highway Secretary Ray F. Smock, labels the 40,500 miles of Pennsylvania roadways the "greatest transportation system in the world."

During 1949, the department estimates, \$147,000,000 will be poured into the motor fund but after fixed charges and operating costs totaling \$81,250,000 are deducted only \$65,750,000 is left for new roads.

"It is frankly the responsibility of the people of Pennsylvania to decide (whether) we shall keep the state highways the magnificent systems they are (and) are we willing to assume the financial obligations we must assume to keep them that way," the booklet asserts.

**Hint Gas Tax Increase**  
An increase in the four cents a gallon gas levy has been hinted in administration circles with the legislature's consent.

In 20 pages has been compressed a wealth of data on the highways in relation to other states.

"Most of the people in Pennsylvania do not realize the full extent of the state highway system they enjoy," it is stated. "Our 10,000,000 Pennsylvanians have more state highways than the 30,000,000 people in all these other 10 states."

Then the states are identified as Maine, Vermont, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware and Maryland.

Pennsylvania has 40,893 miles of state-supervised roadway and all but 3,600 are improved surfaced roads, according to the publication.

HONEYMOON'S OVER

CHICAGO—(INS)—The honeymoon is over so far as salesmen are concerned. The return of the buyer's market has brought a demand for college-trained sales-

men. Jason Hurley, vice president of Thor corporation, a leading manufacturer of home appliances, says the old order-taking days are over. His firm is seeking 10,000 college men to join its dealer sales force.

Cheshire, England, has always been a great cheesemaking center. Its product was sometimes molded into the form of a cat, with bristles inserted in the fourth for whiskers. From these cheeses we get the expression, "grinning like a Cheshire cat."

Natural gas was first used in iron working at Leechburg, Pa., 75 years ago, in 1873. In 1947, approximately 257,005,000,000 cubic feet of this gas were consumed by the iron and steel industry.

There are more than 400 different types of cheese made by various peoples in the world. The great bulk of cheese made and consumed in the United States is the "Cheddar" type—developed around Cheddar, England, in the 15th century.
